[] Comments.

25X1

- (1) The observations made in Berlinberg, in the Alte and Neue Kaserne in Tarchin and at the Dranse railroad station confirm previous information from the Wittstock training area, according to which components of the 18th Pecz Div from the two posts were unloaded in the Wittstock area.

- (2) Both installations housed an unidentified AAA unit which was transferred to Brand airfield on 7 April. [] 25X1

- (3) The two trains cannot be accounted for. [] 25X1
the first shipment belongs to the 31st AAA Div and the other vehicle []
to the 10th Gds Tank Div. The vehicles of the second shipment belong to the
2d Gds AAA Div. Although source reportedly saw eight 100-mm AT guns, this
observation was probably incorrect.

25X1

25X1

- (4) [] the 7th Gds Pecz Div in the Klethen Kaserne,
Frankfurt/Oder, and [] the headquarters units of the Fourth
Gds Pecz Army. Like the shipments in paragraph 3, the loadings and unloadings
cannot be interpreted at present.
